

P-Card Reconciliation and Expense Report Creation & Submission

Overview

- This job aid is intended to provide step-by-step instructions for Purchasing Card holders to reconcile their expenses and create & submit an expense report for their P-card transactions, using the Non-Travel template in most cases.
- Transactions on a Baylor Purchasing Card are automatically uploaded into the Expense module of Ignite within 48 hours of purchase.
 - **DO NOT Manually enter expenses for your P-card purchases.**
 - Transactions will appear at the top of the Expense module screen. Expense reports can be processed at any time after the transactions appear and have been reconciled.
 - We recommend reconciling your charges on a **weekly or bi-weekly** basis, this ensures timely recording of expenses to the General Ledger.
- All required fields must be populated and supporting documentation must be attached as required by policy. **Examples of Complete documentation are below:**
 - A valid Itemized Invoice or Receipt contains:
 - Supplier name, date, description of goods/services purchased, unit cost, and total cost
 - Proof of Payment may be in the form of:
 - Payment receipt, redacted bank statement, redacted credit card statement, etc.
 - If you are **missing a receipt**, please visit the **Procurement website – Resources** tab – **Forms** page - scroll down to the **Card Forms** section for a link to the **Lost or Destroyed Original Receipt Statement** and follow instructions to process. (<https://procurement.web.baylor.edu/resources/forms>)
- Expense reports can be saved before submitting, and managed or withdrawn after submitting.
- All expense reports are routed for approval within your department and audited by the expense auditor before reimbursement is processed.
- **Baylor Purchasing Cards are paid by the University.**
- **Baylor Purchasing Cards must not be used for personal expenses.**

2. Purchasing Card Reconciliation

1. Upon entering the **Expenses** tile you will be on the Travel & Expenses Screen. Any purchase you have made using your P-card will show up under the Available Expense Items section until it has been reconciled and added to an expense report.

The screenshot displays the 'Travel and Expenses' interface. At the top, there is a header with 'Travel and Expenses', an 'Owner' dropdown menu, and a search bar. Below the header, there is a sidebar with a 'Create Report' button. The main content area is titled 'Expense Reports' and contains a 'Create Report' button. Below this, there is a section for 'Available Expense Items (10)' with 'Actions' and 'Create Item' buttons. A table lists three expense items, each with a 'Missing required fields' warning icon. The table columns are Date, Type, Amount, Merchant, Location, Description, and Attachments.

<input type="checkbox"/>	Date	Type	Amount	Merchant	Location	Description	Attachments
Cash and Credit Card Expense Items (10)							
<input type="checkbox"/>	11/10/2021	Business Meals	122.25 USD Card	CHICK-FIL-A #739	Waco, TX	*Add description	*Add attachment

<input type="checkbox"/>	09/14/2021	Dues and Meml	194.00 USD Card	NCURA	DC, United States	*Add description	*Add attachment

Note: P-card charges are loaded automatically into Ignite approximately 48 hours after the transaction has been posted. If you do not see an expected charge, **do not create a manual expense item for it.** If the charge does not appear you may need to check the credit card statement to verify it has been posted. If the charge appears on your statement, but not in Ignite, contact the Card Administrator to troubleshoot.
